## Voltas partners with EESL in the roll-out of Super Energy Efficient ACs

*A part of the Super-Efficient Air Conditioning Program, Voltas will supply 50,000 units of Five Star rated Inverter ACs to EESL, for their roll-out in Delhi.*

**New Delhi, July 08, 2019:** Voltas Limited, the undisputed market leader for Air-Conditioners in India, **announced its partnership with Energy Efficiency Services Limited (EESL) to manufacture and sell 5-star rated Inverter Air Conditioners, today.**

The Super Energy Efficient ACs offer faster and more cooling than any ordinary AC, and are 44% more energy efficient than conventional 3-star ACs, at an affordable price. They also ensure low-noise operation, longer life, energy savings and better capacity control. This would translate into a more efficient cooling environment for customers.

50,000 Super Energy-efficient and environment-friendly ACs, from Voltas, will be distributed to the Delhi consumers of BSES Rajdhani Power Limited (BRPL), BSES Yamuna Power Limited (BYPL) and Tata Power Delhi Distribution Limited (Tata Power-DDL). EESL will be promoting this scheme at their respective Customer Care counters.

Speaking on the occasion, **Mr. Pradeep Bakshi, Managing Director & CEO, Voltas Limited**, said, "Voltas is proud to partner with EESL under the 'Super-Efficient Air Conditioning Program' for residential and institutional customers in the national capital. As a Tata Group company, it is our constant endeavor to provide our customers with technologically advanced, environment friendly and best-in-class products and services. As the market leader, Voltas is always at the forefront of innovation in the energy efficiency domain. Our 5-star rated Inverter air conditioners are highly energy efficient, and will ensure even more cost savings for the customers."

### Key Product features:

- **ISEER: 5.4 Rating** which is best-in-class energy efficiency ratio
- **Super Energy Efficient Inverter AC:** Powered by Steady-Cool compressor for better cooling and higher saving.
- **High EER Twin Rotary BLDC:** state-of-the-art technology compressor that reduces power consumption. It also operates at different capacities based on the cooling requirements.
- **Wide operating Voltage range:** Smooth operation under wide voltage fluctuations from 145V - 270V, without Stabilizer.
- **High-ambient Cooling:** with extreme high ambient temperature controlling capabilities, even at 52°C.
- **Eco Friendly Refrigerant:** R-32 refrigerant, with a low global warming potential to protect the environment.
- **Triple Filter:** Removes Allergens, Odors and other harmful particles to give you fresh air.
- **100% Copper:** The copper condenser coil is more durable, and delivers efficient cooling.

### Exciting Consumer Offers:

- Payment in Easy EMIs.
- 1 year comprehensive warranty on product.
- Extended 4 years warranty on compressor.
